Are there any banks that offer second mortgages to homeowners in California, that are stating their income?

I am a loan officer in California looking for a bank to send a second mortgage too. I am having trouble finding a home for a second mortgage. Here is the scenario:

750 FICO
70% LTV
Stated Income

Please help me find a home for this loan...

THANKS!

Ask www.brokeroutpost.com they are awesome!
